CITY OF CHEYENNE PLANNING COMMISSION

MARCH 3, 2025

STAFF REPORT

FILE: PUDC-25-34: Lot 1, Block 2, The Bluffs 12th Filing – Zoning Map Amendment (zone change)

REQUEST: A request to rezone approximately 10.92 acres of land from MR Medium-density Residential to NR-2 Neighborhood Residential – Medium Density

LOCATION: Southwest of the intersection of Wild Bluff and Ogden Road.

APPLICANT: Horizon Development LLC

AGENT: Randy Guill

OWNER: Horizon Development LLC

ZONING: MR Medium-density Residential

FUTURE LAND USE: Urban Residential

PURPOSE: To allow for Cottage Lot style development.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the rezoning of Lots 1, Block 2, The Bluffs 12th Filing to NR-2 Neighborhood Residential – Medium Density as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from MR Medium-Density Residential to NR-2 Neighborhood Residential – Medium Density for roughly 10.92 acres of land. The land is currently vacant. There is an associated plat with this zone change which would subdivide the property for Cottage Lot style development. The plat application is PUDC-25-35. Specific Lot layout may change with review of the plat, but the substance of the request will stay the same.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Urban Residential	MR Medium-density Residential	Vacant
North	Community Business	CB Community Business	Vacant
South	Urban Residential	County A-1	Vacant
East	Urban Residential / Public	MR / P Public	Vacant / School
West	Urban Residential / Mixed-use Residential	NR-3 Neighborhood Residential – High Density	Multifamily

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)

PlanCheyenne encourages growth within the Urban Service Boundary and the maximization of existing infrastructure. This property is within the Urban Service Boundary, in an area with infrastructure that is currently being built.

The Future Land Use Designation for this property is Urban Residential and the surrounding area is Urban Residential, Mixed-use Residential, and Public. According to the comprehensive plan the optimal City zones for the subject property's future land use designation is any one of the residential zones, including NR-2.

Based on the policies and future land use map, NR-2 zoning is appropriate at this location.

The proposed zone change **complies** with review criterion 1.

- 2) The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)**

Surrounding properties in the City are zoned MR, CB, NR-3, and P. MR and NR-2 zones are medium-density residential zones. The difference is that NR-2 zoning anticipates alley-loaded development, allows smaller lots, more urban styles of development, and has a higher design standard. NR-2 zoning is compatible with surrounding zoning.

The proposed zone change for the subject property **complies** with review criterion 2.

- 3) The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)**

The MR, as put forward in the UDC, is intended for larger-block, front-loaded, suburban style development patterns (like Saddle Ridge or The Pointe). NR-2 zoning is intended for smaller-block, rear-loaded, compact development patterns (like what is found in the Avenues). The proposed development is for a cottage lot style of development using single-family detached homes on smaller lots which better fits in the NR-2 zone.

The proposed zone change **complies** with review criterion 3.

- 4) The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)**

The zone change is occurring in an area that has recently been platted with a major street network. No changes to the major street network are proposed. There will be a new street and alleys added with the plat for the neighborhood.

Infrastructure (streets and utilities) are being built in the area.

The proposed zone change for the subject property **complies** with review criterion 4.

- 5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)**

The NR-2 zone is intended for a medium density and mix of dwelling types that promote a consistent neighborhood character, with a compact development pattern and highly connected

street network. The proposed project is a cottage lot development which proposes a more compact type of development.

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

The NR-2 zone allows a variety of residential uses (as does the current MR zone). The applicant intends to build a cottage lot style development which is permitted in the NR-2 zone. The NR-2 also has design standards required per UDC 6.6.4 which will need to be met for the cottage lot development or any other type of development that is proposed for this area. Should this particular project not move forward with cottage lots, the NR-2 zoning provides other options for residential development.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

Proposal meets comprehensive plan principles. No other comments were received from reviewers.

The proposed zone change for the subject property **complies** with review criterion 7.

8) Whether the application will harm the public health, safety, or general welfare. (UDC 2.2.1.d.8)

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways [*only those applicable to the application are listed*]:

- **Legal Notice** in the Wyoming Tribune Eagle published on February 15, 2025
- **Mailed Notice** to neighbors within 300', sent on February 14, 2025 (Mailed by applicant or their agent)

- **Posted Notice** on the property is not required until February 24, 2025.
- **Internet Posting** on connect.cheyennecity.org on February 14, 2025.

As of the publication of the Staff Report (February 24, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 21 views and no comments.

STAFF REVIEW:

Through the review process, no major review comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The NR-2 zone is appropriate based on the future land use map, surrounding zoning, proposed development.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the zoning amendment subject to conditions or modifications.
3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the rezoning of the property from MR to NR-2.
