RE: "Parked" Retail Liquor License Request for Extension

Dear Ms. Soden,

Please let this letter serve as the F&G Corporation's request to extend the "parked" status of the F&G Corporation's retail liquor license for an additional year.

The previous owner of the F&G Corporation, Mr. Leslie Gallion passed away in July of 2024 without a will which has led to a series of legal issues including probate that have prevented Mr. Gallion's family and I from being able to finalize plans to either sell the license or find a new location in order to move the liquor license to an "operational" status. Mr. Gallion's estate recently cleared the final hurdles of probate and assuming all goes as planned, I will be the sole owner of the F&G Corporation, Inc. at the end of June, 2025.

Once I am the sole owner of the F&G Corporation, I intend to sell the license or find a location from which to operate the license and anticipate being able to accomplish either option before July 18, 2026. Due to the legal complications associated with Mr. Gallions estate and the probate complications, I respectfully request that the City of Cheyenne please grant the extension of the F&G Corporation Inc. retail liquor license until July 18, 2026.

Best regards,

Ben Trautwein
President
F&G Corporation, Inc.
