Notes and Clarifications:

- Purchasing party is responsible for confirmation of asset and service locations. This shall be called out on the purchase order submitted to Critical Facilities Technology in the "Ship To" information. If multiple addresses exist for the purchased services, please detail locations in the notes section of the Purchase Order.

MPRS:

- Modular Power Revitalization Service includes one (1) year of extended warranty from the time of component replacement.
- Modular Power Revitalization Service includes the replacement of critical modular components (intelligence modules, static switch + H. E. power modules, power view display, network management card, switchgear board, battery monitor board, system PSU)

Response/Scheduling Upgrades:

- Response upgrade options upgrades the break fix response time from the standard, next business day response. The upgrades available are 4 hour and 8 hour response times. These response upgrades are dependent upon equipment type, age, condition and geographic location. Reference the SKU and product description in the quoted bill of materials for the upgraded response time.
- Scheduling upgrade options allows services to be scheduled outside of the standard normal business hours (Monday - Friday, 8 A.M.- 5 P.M.,Holidays Excluded) to include weekends, after hours and select holidays. Contact your CFT representative for full details.
- Service scheduling is dependent upon Schneider Electric's availability. Schneider Electric will make reasonable accommodations to fit your scheduling requirements.
