CITY OF CHEYENNE PLANNING COMMISSION

AUGUST 4, 2025

STAFF REPORT

FILE: PUDC-25-151: 5908 Ridge Road – Zoning Map Amendment (zone change)

REQUEST: A request to rezone approximately 10.94 acres of land from AG Agricultural to NR-2 Neighborhood Residential – Medium Density

LOCATION: Southwest of the intersection of Holland Ct. and Ridge Road.

APPLICANT: Bedrock Development LLC

AGENT: AVI PC

OWNER: Bedrock Development LLC

ZONING: AG Agricultural

FUTURE LAND USE: Urban Residential

PURPOSE: To allow for Residential Development.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the rezoning of land located southwest of the intersection of Holland Ct. and Ridge Road to NR-2 Neighborhood Residential – Medium Density as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from AG Agricultural to NR-2 Neighborhood Residential – Medium Density for roughly 10.94 acres of land. The land is currently vacant. The current AG zone was assigned by the City as a holding zone until the Developer determined a zone that would allow for development of the parcel.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Urban Residential	AG Agricultural	Vacant
North	Urban Residential	MR Medium-density Residential / AG	Single-family Residential
South	Urban Residential	MR	Single-family Residential
East	Urban Transition Residential / Urban Residential	MR / AG	Single-family Residential
West	Urban Residential	MR	Single-family Residential

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)

PlanCheyenne encourages growth within the Urban Service Boundary and the maximization of existing infrastructure. This property is within the Urban Service Boundary, in an area with infrastructure that is currently being built.

The Future Land Use Designation for this property is Urban Residential and the surrounding area is Urban Residential and Urban Transition Residential. According to the comprehensive plan the

optimal City zones for the subject property's future land use designation is any one of the residential zones, including NR-2.

Based on the policies and future land use map, NR-2 zoning is appropriate at this location.

The proposed zone change **complies** with review criterion 1.

- 2) The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)**

Surrounding properties in the City are zoned MR and AG. There is also a property zoned NR-3 to the northeast at the intersection of Ridge Rd. and Storey Blvd. MR and NR-2 zones are medium-density residential zones. The difference is that NR-2 zoning anticipates alley-loaded development, allows smaller lots, more urban styles of development, and has a higher design standard. NR-2 zoning is compatible with surrounding zoning.

The proposed zone change for the subject property **complies** with review criterion 2.

- 3) The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)**

The AG zone was assigned to this property as a holding zone and would only allow for agricultural type uses. NR-2 zoning is intended for smaller-block, rear-loaded, compact development patterns (like what is found in the Avenues). The NR-2 zone allows for a variety of residential type uses and allows Cottage Lots as a use by right, which is a development style that has become more common recently.

The proposed zone change **complies** with review criterion 3.

- 4) The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)**

The subject property will need to be platted in the future and will need to meet the standards of Article 4. Due to the size of the parcel, staff believes the standards can be met.

Infrastructure (streets and utilities) are in the area and new streets and utilities can be extended to this parcel.

The proposed zone change for the subject property **complies** with review criterion 4.

- 5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)**

The NR-2 zone is intended for a medium density and mix of dwelling types that promote a consistent neighborhood character, with a compact development pattern and highly connected

street network. Due to the size of the lot, staff believes the applicant will be able to plat the property in a way that meets the intent of the zone district proposed.

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

The NR-2 zone allows a variety of residential uses. The NR-2 also has design standards required per UDC 6.6.4 which will need to be met for any residential development that is proposed for this area.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

Proposal meets comprehensive plan principles. No other comments were received from reviewers.

The proposed zone change for the subject property **complies** with review criterion 7.

8) Whether the application will harm the public health, safety, or general welfare. (UDC 2.2.1.d.8)

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways [*only those applicable to the application are listed*]:

- **Legal Notice** in the Wyoming Tribune Eagle published on July 19, 2025
- **Mailed Notice** to neighbors within 300', sent on July 19, 2025 (Mailed by applicant or their agent)
- **Posted Notice** on the property was posted by the applicant on July 25, 2025.
- **Internet Posting** on connect.cheyennecity.org on July 14, 2025.

As of the publication of the Staff Report (July 28, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 15 views and no comments.

STAFF REVIEW:

Through the review process, no major review comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The NR-2 zone is appropriate based on the future land use map and surrounding zoning.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the zoning amendment subject to conditions or modifications.
3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the rezoning of the property from AG to NR-2.
