MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Morgan Dennis
Subject: PUDC-26-40 Bison Apartments – Final Plat
Date: April 8, 2026

Background:

The item for consideration is a Final Plat. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 4/13/2026
- Public Services Committee 4/20/2026
- Final Consideration 4/27/2026

Planning Commission Recommendation:

The Planning Commission heard this item at their April 6, 2026, meeting and recommended the Governing Body approve this application.

The Planning Commission Staff report is attached and has minor technical changes.

Public Comment

As of the creation of this memo (April 4, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 79 views and no comments.

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR BISON APARTMENTS, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING, LOCATED NORTH OF WEST COLLEGE DRIVE, EAST OF GRAND HARMONY BOULEVARD, AND WEST OF WALTERSCHEID BOULEVARD."

WHEREAS, CAE Investments LLC, has subdivided certain land located north of West College Drive, east of Grand Harmony Boulevard, and west of Walterscheid Boulevard in accordance with applicable Wyoming Statutes;

WHEREAS, CAE Investments LLC, the owners of the above-described land, has caused a subdivision plat of said land to be prepared, acknowledged and certified, particularly describing the lots, blocks, easements and rights-of-way contained therein; and

WHEREAS, the above-described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration, the Planning Commission has recommended approval of said plat to the Governing Body, and the plat has been duly executed by the Development Office.

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the subdivision described as Bison Apartments, Cheyenne, Wyoming, be and the same is hereby approved and confirmed as presented, and that the Mayor and the City Clerk are hereby authorized, empowered, and directed to execute the final plat.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2026.

Patrick Collins, Mayor

APRIL 6, 2026

STAFF REPORT

FILE: PUDC-26-32: Bison Apartments (Expedited Review)

REQUEST: Subdivision of one lot into nine lots.

LOCATION: North of West College Drive, west of Walterscheid Boulevard, and east of Grand Harmony Boulevard

APPLICANT: John Sayers

OWNER: CAE Investments LLC

ZONING: CB – Community Business.

PURPOSE: A plat creating 9 Lots for individual sale of buildings and common lot.

PREPARED BY: Morgan Dennis, Planner I

RECOMMENDED MOTION:

Move to **approve** the Bison Apartments Preliminary Plat, advancing the Final Plat to the Governing Body with staff recommended conditions.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for roughly 1.88 acres of land. The proposed plat would subdivide the parcel into 9 Lots for sale of the individual buildings and piecemealing the 1/8th of the common lot to each building owner. The buildings that would be available for sale have already been constructed.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Mixed-Use Commercial	CB Community Business	Four-plex residential dwelling
North	Mixed-Use Commercial	MUB Mixed-use Business Emphasis	Multifamily residential dwelling
South	Urban Residential	County URLD Urban Residential Low-Density	Single-family dwellings
East	Mixed-Use Commercial	HR High-density Residential	Multi-family residential dwelling
West	Public and Quasi Public	CB Community Business	High School

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1).

On the future land use map, the subject site is designated as Mixed-Use Commercial. PlanCheyenne allows this category to promote a number of land uses with an emphasis on commercial activities but also other employment, public, and residential uses. Residential is considered a secondary use within this designation and should be a high-density residential

development – residential use is expected to be greater than 8 units per acre. The proposed plat is for the division of residential apartment buildings for individual sale.

Foundation 2 of PlanCheyenne encourages neighborhood development with a variety of housing options. This is in response to market demands within Cheyenne, for more residential units are needed as the population continues to grow. The development patterns within the plat are in line with the designation of Mixed-Use Commercial.

The application **complies** with this review criterion.

2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)

This plat will have no impact of surrounding development. There is multifamily development to the east and to the north. To the west of this site is a high school. These sites are already developed and operating with similar or supportive uses of this plat.

The application **complies** with this review criterion.

3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees.

Land Acquisition Fee	\$1,575 (\$350 per acre)
Infrastructure Fee	\$1,575 (\$350 per acre)
Credit from previous platting action	\$3,150
Total Land Acquisition & Infrastructure Fees	\$0.00

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Residential Enhancement Fee	\$400 per dwelling unit
-----------------------------	-------------------------

Transportation Network (4.3):

This plat is not creating any new rights-of-way. The only access to the site is from Grand Harmony Boulevard. Access from College Drive will not be possible for any type of development on this lot. A pedestrian easement exists on the plat to allow for public sidewalk on the site.

Open Space (4.4):

This plat has an approved site plan with the expected open space requirements per the Unified Development Code.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion, with conditions.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation study was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

The site that is being platted is located within the CB zone district. Multifamily residential development is a conditional use within the CB zone district. This Conditional Use was approved in November 2024 to allow for multi-family development within the CB zone. While conditional use approval could require multifamily to meet alternative lot types (such as the MD1 or MD3), the approval for this project contained no such requirement. The lot type for this development is

CB, which has no minimum area or frontage. The lots proposed are reflective of buildings on an approved site plan and are buildable in the CB zone.

The application **complies** with this review criterion.

7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)

Eight of the proposed lots are buildable and have existing buildings on them. The ninth lot is proposed to be unbuildable and it is indicated on the plat it will be sold as 1/8th piece parcels to the other lots. It has been noted on the final plat that Lot 9 owners will be mutually responsible for funding maintenance of the lot.

The application **complies** with this review criterion.

8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)

This plat will not create any undue influence on existing or potential development. There is existing multifamily development on the proposed plat. There are existing streets surrounding a majority of the plat. Residential development to the east of the proposed plat is already developed.

The application **complies** with this review criterion.

9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)

Remainder lots are not proposed with this plat.

The application **complies** with this review criterion.

11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and

block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

Through staff's review the preliminary plat will need technical corrections upon approval.

The application **complies** with this review criterion, with conditions.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on March 22, 2026.
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on March 30, 2026.
- **Internet Posting** on connect.cheyennecity.org on February 12, 2026.

As of the publication of the Staff Report (March 30, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 79 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. A Water and Sewer easement on the common lot.

2. Technical Corrections

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the Bison Apartments Preliminary Plat, advancing the Final Plat to the Governing Body.

Application Information

This application has a deadline. The deadline is the second Wednesday of the month.
Application Schedule.

An expedited review is when both a preliminary and final plat are submitted to the Planning Commission together. To be eligible for expedited review the preliminary plat shall contain no significant planning, design, and engineering issues. Upon determination by staff, the applicant may submit a preliminary and final plat to the Planning Commission.*

I acknowledge the that Expedited status is not guaranteed.*

**Written Statement***

We have worked with Planning staff to plat the individual bldg onto their own lot for sales purposes.

Park Fees are due at time of signing of the final plat mylar (see UDC 4.2.5). I acknowledge that this plat may be required to pay plat-level Park Fees.*

Public Improvements are required with platting actions. Please select the option that best demonstrates your intent for the public streets and other infrastructure adjacent to or within the plat boundary.* ?

All neccessary infrastructure is currently in-place and built to the current standards.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1).*

The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2).*

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).*

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).*

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).*

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).*

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).*

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).*

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).*

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).*

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).*

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
