CITY OF CHEYENNE PLANNING COMMISSION

APRIL 6, 2026

STAFF REPORT

FILE: PUDC-26-35: Dry Creek Vista, Final Plat

REQUEST: Subdivision of 3.17 acres proposing creating three residential lots.

LOCATION: East of North College Drive and north of Rock Springs Street.

APPLICANT: Casey Palma

OWNER: JKM Properties LLC

ZONING: MR – Medium-density Residential.

PURPOSE: A plat creating three residential Lots.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to recommend the Governing Body **approve** the Dry Creek Vista Final Plat with staff recommended conditions.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.3 Final Plat Approval
- UDC Article 3 Impact Studies
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a final plat for roughly 3.17 acres of land. The proposed plat would create three lots, two of which have existing single-family residences on them. This plat also incorporates portions of recently vacated Frank Court.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR – Medium-density Residential	Single-family / vacant
North	Open Space and Parks	P - Public	Dry Creek
South	Urban Residential	MR – Medium-density Residential	Single-family
East	Open Space and Parks	P – Public	Single-family
West	Urban Residential	MR - Medium-density Residential and NR - 3 – Neighborhood Residential High Density	Townhomes / Single-family

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of final plat, the Commission must make the following findings required in UDC 2.1.3.d a detailed analysis is below. The purpose of a final plat review is to ensure compliance with the approved preliminary plat and its conditions of approval.

- 1) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)**

The Final Plat submitted with the application is substantially similar to the Preliminary Plat that was approved on January 26, 2026.

The application **complies** with this review criterion.

2) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

The preliminary plat was approved by Planning Commission on January 5, 2026 and acknowledged by City Council on January 26, 2026 with the following conditions:

1. Concurrent with Final Plat Submittal:
 - a. Provide a vacation map to the City to initiate the full vacation of Frank Court, OR include all owners adjacent to Frank Court in the platting action.
 - b. Clarify/verify owner and dedication information.
2. On the Final Plat:
 - a. Provide necessary easements.
 - b. Make minor technical corrections.

The applicant has provided a vacation map for the north-south Frank Court. The vacation is currently in front of Council and is scheduled to have final consideration on April 13, 2026.

Staff is still concerned that the ownership of the east-west vacated Frank Court has not been appropriately demonstrated. The County confirmed the vacation of east-west Frank Court by finally recording a vacation action that was approved by the County in the 1980s. However, this action did not specify land ownership. The applicant could provide a title commitment from a title company or quiet title demonstrating the signatories on the plat own all of vacated east-west Frank Court within the Plat boundary, which would then satisfy this condition.

Easements and technical corrections have been made.

The application **complies** with this review criterion, with conditions.

3) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees. Park fees are calculated at \$700 per acre. All fees are due at the time of building permit.

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Residential Enhancement Fee \$400 per dwelling unit

Transportation Network (4.3):

This plat is for an existing development in an area that is already developed. No additional streets are proposed.

Open Space (4.4):

Open space is required at 750sqft per unit or 8% of the gross development area, whichever is less. However, due to the size of the property, plat-level open space is not required. The plat includes a common lot which serves as a common open area.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on March 21, 2026.
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on February 12, 2026.
- **Internet Posting** on connect.cheyennecity.org on February 12, 2026.

As of the publication of the Staff Report (March 30, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 40 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Documentation pertaining to the ownership of east-west Frank Court needs to be provided.

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the final plat application with conditions.

ALTERNATIVES:

1. Recommend approval of the project as submitted by the applicant. (**Staff Recommendation**)
2. Recommend that the application be approved with specific conditions or modifications, and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend that the application be denied based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the Final Plat with the following conditions:

1. Provide a title commitment from a title company or quiet title demonstrating the signatories on the plat own all of vacated east-west Frank Court within the Plat boundary.
